On April 26, 1999, I spoke with Jeff Sagers about the outstanding issues in non-compliance regarding the RMS#1 site. He stated he wasn't aware that the state permit needed to be formally transferred. He assumed that the BLM acceptance of same was valid for the state.

I advised him of the outstanding \$100 permit fee and that we have 3 years of annual reports that haven't been filed. He stated he would be up to our office between 10:00 - 12:00 tomorrow (4/27/99) to fill out the permit transfer document and pay the required fee. I stated we would have a letter for him and the forms for him to sign at that time. He said he wanted to take care of this before he left for Africa this coming weekend.
